The USFWS makes no claim to the accuracy or completeness of the information displayed on this map. Areas depicted as USFWS fee and easement lands are for illustrative purposes only and do not represent legal boundaries. For wetland easements, parcels are displayed but only the wetlands identified in the easement contract are protected by the easement. USFWS Refuge System Land Protection programs are continually purchasing easement and fee lands, consequently, recent acquisitions may not be included and the date of map production may not reflect the current extent of USFWS Refuge System lands.

For more detailed information on the boundaries of fee-title or easement lands, please contact your local USFWS Wetland Management District or Realty Office.
